

DELL™ LATITUDE™ E6420 ATG

Regardless of location or terrain, the ruggedized Dell Latitude E6420 ATG is ready for the toughest of jobs with its top to bottom, stylishly armored MIL-STD 810G tested Tri-Metal™ casing, hard wearing and highly durable powder-coated magnesium base, spill-resistant keyboard and port covers for added protection from dust and weather.

Equipped with an optional easy-to-carry handle, the E6420 ATG makes a convenient travel companion. Its extra-bright 14" HD reinforced display makes viewing outdoors a cinch while the optional backlit¹¹ keyboard helps you stay productive when in flight or in low light settings. The resistive touchscreen offers an alternative to typing for input and responds even when wearing protective gloves.

Just as tough on the inside, the E6420 ATG is packed with quad core processing performance, discrete graphics and long battery life with a 6 cell ExpressCharge™ battery. Hot swappable media module options, including optical drives, hard drive, battery and USB 3.0, also help keep productivity in full swing.

As a member of the Latitude E-Family, the E6420 ATG provides extensive durability, go anywhere productivity, confident security and the efficient manageability you've come to expect from the Latitude E-Family.

Built to Last Rugged Durability

Doing business today means working anytime, anywhere. You need a laptop to keep up with your work style. Latitude E-Family laptops combine world-class design with durability to perform, wherever business takes you.

- Get protection from harsh environments including extreme temperatures, humidity and dust thanks to stringent MIL-STD 810G and IP5X testing and protective port covers.
- Look sharp while working hard thanks to the Tri-Metal™ chassis and anodized brushed aluminum finish and reinforced magnesium alloy wrapped corners.
- Worry less about making a mess with the spill-resistant keyboard and LCD protective seal that helps to form a barrier around your LCD panel when closed.
- Appreciate the fine details, from strong metal-plated hinges and rugged closing latch to the durable powder-coated magnesium underside that helps guard against nicks and scratches.

Go-Anywhere Productivity

Get long-lasting power and performance to make your job easier, whether you are in the office or on the road. Latitude E-Family laptops are built with your business in mind, offering great features to help increase productivity.

- Stay productive with 6 cell ExpressCharge™, 80% recharge in an hour, batteries and extended battery options.
- Multitask at the speed of business with Intel® Core™ processor options, high-bandwidth DDR3 memory and Intel® UMA or NVIDIA®* graphics.
- Communicate effectively worldwide with optional built-in webcam, array microphones and a high-performing antenna for ideal mobile broadband connections.
- Work the way your job demands you to with the optional glove friendly, resistive touch-enabled display that conveniently allows you to interact with your laptop without the keyboard, an outdoor viewable, 180-degree movable screen and backlit keyboard¹¹ for low-light environments.

Confident Security

Enjoy seamless integration into your IT environment and rest easy knowing that Latitude E-Family laptops—and your company data—are secure and protected anywhere in the world.

- Know your data is secure with Dell's Data Protection | Encryption¹¹ and encrypted hard drive options.
- Protect your data from the unexpected mishaps with Dell Fast Response Free-Fall Sensor and StrikeZone™.
- Control who has access to your data with Dell ControlVault™, Dell Data Protection | Access, contactless smart card and fingerprint reader login access options.
- Help prevent system viruses and contain data leaks with port control options.

Efficient Manageability

Manage and maintain your fleet of Latitude E-Family laptops with ease from planning and deploying to ongoing maintenance and support.

- Confidently plan future product roll-outs with Dell Latitude's long lifecycles, transitions and ImageWatch™ advance look at software and hardware changes.
- Easily customize your laptop with USB 3.0, battery, optical or hard drive internal module options and upgrade or service key components conveniently via one single access door.
- Know you have a partner with Dell for maintaining and supporting your systems with a wide range of customizable and globally focused service and support and Dell KACE™ easy to use systems management appliances.
